EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. The non-elected claims have been cancelled in accordance with MPEP 821.01 and the provisions of 37 CFR 1.144. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Non-elected claims 11-18, 20 and 21 have been canceled.

2. The following is an examiner's statement of reasons for allowance: in the examiner's opinion, it would not have been obvious to use a nail plate as disclosed in either Rionda et al 4,486,115 or EP 0481941 in the product of Nakajima 5,098,762. The wood pieces and therefore the layers in Nakajima have a thickness of 1.0 to 3.0 mm (see column 2, lines 33-36). The nail plates of the secondary reference have a nail length of 15 mm (see column 14, lines 16-22 of EP0481941 and column 2, lines 58-61 of Rionda et al which cites US 3,731,583 as disclosing how the teeth are made in Rionda et al, and column 7, lines 36-38 of US 3,731,583 disclose a nail length of 0.594 inches or 15 mm). Therefore, the nail-length of the nails on the nail plates of the secondary references are longer than the width of the wood pieces in Nakajima and, if used in the product of Nakajima, would extend completely through the wood pieces and

Art Unit: 1794

layers. Such a structure where the nails of a nail plate penetrate and extend beyond a wood piece or layer is clearly not contemplated by either Rionda et al or EP 0481941 in view of Figure 7 of Rionda et al and Figure 12 of EP 0481941 wherein is shown the nails of the nail plates not completely penetrating the wood pieces to which they are joined. Thus, it would not have been obvious to one of ordinary skill in the art to use the nail plates of Rionda et al or EP 0481941 in the product of Nakajima.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alexander Thomas whose telephone number is 571-272-1502. The examiner can normally be reached on 6:30-4:00 M-THUR.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Sample can be reached on 571-272-1376. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
